

6th Live Webinar on Clinical Neurophysiology

Dear Colleagues,

During this period of confinement, and in order to remain up-to-date, mainly in disadvantaged regions of the world, the Moroccan Society of Neurophysiology "IFCN Chapter" and the Moroccan League Against Epilepsy "ILAE Chapter" hosted a series of expert-led webinars focusing on issues addressing the concerns of clinicians in their daily practice, in particular in the field of clinical neurophysiology (EEG, EMG, PE, IONM, PSG, TMS, Epilepsy, Neuromuscular diseases, Sleep, Neurostimulation). The language of the webinar can be English or French and depends on the invited expert.

Please join us for free.

Abderrahmane CHAHIDI MRrici, Ph.Dst

Vice President of SMNPH

Coordinator of the Webinars

Webinar ID: 842 3328 4845

Date: Jun, 15th, 2020, From 4pm to 6hpm (UTC+1) / Theme: EMG & NEUROMUSCULAR DISEASES

Link to register online: https://us02web.zoom.us/webinar/register/WN_c0ydQ6rCT16Emb4aEDDVNQ

MODERATOR:

Dr Abdelhafid Meliani MD, Physical and Rehabilitation Medicine, Electromyography and Urodynamics Specialist.
