

7th Live Webinar on Clinical Neurophysiology

Dear Colleagues,

During this period of confinement, and in order to remain up-to-date, mainly in disadvantaged regions of the world, the Moroccan Society of Neurophysiology "IFCN Chapter" and the Moroccan League Against Epilepsy "ILAE Chapter" hosted a series of expert-led webinars focusing on issues addressing the concerns of clinicians in their daily practice, in particular in the field of clinical neurophysiology (EEG, EMG, PE, IONM, PSG, TMS, Epilepsy, Neuromuscular diseases, Sleep, Neurostimulation). The language of the webinar can be English or French and depends on the invited expert.

Please join us for free.

Abderrahmane CHAHIDI MRrici, Ph.Dst

Vice President of SMNPH

Coordinator of the Webinars

WEBINAR ID: 847 6100 1613

PASSWORD: 12345

Date: Jun, 17th, 2020, From 3pm to 5pm (UTC+1) / Theme: EEG & EPILEPSY

Link to register online: https://us02web.zoom.us/webinar/register/WN_0UstnrhqT5iX0-dNfj4vRQ

MODERATOR:

Prof. Reda Ouazzani MD, Professor of Neurology and Chair of Clinical Neurophysiology & Epilepsies Department, University Hospital of Specialties, Rabat. President of Moroccan Society of Neurophysiology and Of Moroccan League Against Epilepsy .

SPEAKER 1:

Prof. Margitta Seeck MD, PhD, Professor of Neurology, Director of EEG & Epilepsy Unit, Department of Clinical Neurosciences, University Hospital of Geneva, Switzerland.

Topic:

Advancements of epilepsy diagnostic : first seizure and chronic epilepsy

SPEAKER 2:

Prof. Arturo Ugalde-Canitrot, M.D., Ph.D, consultant clinical neurophysiologist and epileptologist, Chair of Epilepsy Unit, Hospital Universitario La Paz, Madrid, Spain

Topic:

Video-EEG in Frontal Lobe Seizures + Clinical Cases Studies.
