

Tokyo Super EMG Hands-on Course 2026

Chair: Hiroyuki Nodera (Tenri Hospital, Nara)

December 19 – 20, 2026

Teikyo Heisei University Ikebukuro Campus, Tokyo
Course Fee: 50,000 JP Yen (approx. 314 USD) | Limited to 30 persons

Aim and Learning Outcome

After completion of the course, participants would understand basic and advanced techniques of nerve conduction study, electromyography, and ultrasound.

Who can participate:

- Practicing physicians
- Residents and fellows (Neurology, PMR, Orthopedics, etc.)

Lectures: Nerve conduction study / Needle electromyography / Neuromuscular ultrasound / Clinical-physiological correlations

Provisional Program (May be subject to change)

Hands-on Sessions

- NCS (Uncommon nerves)
- Concentric needle EMG (Uncommon muscles)
- Single-fiber EMG
- Magnetic stimulation (Motor evoked potentials)

Lectures

- Facial nerve palsy
- Radiculopathy
- ALS and other motor neuron diseases
- Diabetic neuropathies
- Manual muscle testing
- Functional neurological disorder

Interactive Session

- How to perform electrodiagnostic testing

Online Registration

Course Fee: 50,000 JP Yen (approx. 314 USD)

Registration Opens: August 15, 2026 (Limited to 30 persons!)
