“ARTEC 2015

is taking place in Bangkok, Thailand, for two days on 10th (Thu) and 11th (Fri) September 2015.

This is a multidisciplinary conference focused exclusively on rehabilitation technology and emerging trends in physical and rehabilitation medicine. This academic conference was established with the collaboration of the Royal College of Physiatrists of Thailand, the Thai Rehabilitation Medicine Association and Messe Düsseldorf Asia.

The theme for this year is ‘Advanced Interventions in Musculoskeletal Pain’. This will be a comprehensive program to cover diagnostic and therapeutic interventions for the musculoskeletal pain and hands on workshops to provide an insight into the practical considerations of the condition.

It is a privilege to invite you to join ARTEC 2015.”
